

C & O Canal 4-Day Adventure

In our opinion, a 4-day, 3-night trip on the Chesapeake and Ohio (C&O) Canal is the best amount of time to cover the 184.5 miles from Georgetown in downtown DC to the Visitor center in Cumberland MD. This is a world class, bucket-list trail with so many interesting natural and man-made features to enjoy.

Also, we believe camping along the way is a great way to really connect with the landscape and meet interesting fellow travelers from around the country and even the world. 2Wheelescapes takes camping to another level by carrying all your gear, so you can bring serious creature comforts such as big tents, air mattresses, cots, etc.

We travel with a full mobile kitchen for gourmet coffee service and delicious breakfast each morning, fresh healthy snacks for your ride each day, hors d'oeuvres when you finish each day and finally a freshly prepared dinner at camp each night to fill your belly before sleeping under the stars!

In addition to being the most fun way to travel, it is by far the most economical!

The cost for a 4-day, 3-night trip is \$725 per person. This includes a shuttle from one end of the trail to the other, camping fees, coffee service, breakfast, dinner, each day and the security of having a support and gear (SAG) Team shadowing your trip each day; carrying all the stuff and assisting with inevitable contingencies.

DAY 1: 55 Miles: Georgetown Mile 0 to Brunswick MD

Our small groups provide customers with incredible flexibility during the trip. For example, if the weather is horrid and you don't want to camp, there is always the option of ducking into one of many hotels or B&B's (additional cost). Or, if anyone in the group has a physical, mechanical or emotional breakdown, Staff will be there to get you through!

All trips include a written "Que" sheet each day with points of interest and lunch options.

Other services such as tent or bike rentals, airport pick-ups, extraordinary shuttling, or whatever you need are also available at reasonable additional cost.
