

C & O Canal 4-Day “Gourmet Glamping” Adventure

In our opinion, a 4-day, 3-night trip on the Chesapeake and Ohio (C&O) Canal is the best amount of time to cover the 184.5 miles from Georgetown in downtown DC to the Visitor center in Cumberland MD. This ride has just the right miles each day to make it physical, but also have plenty of opportunity to stop and smell the flowers!

Also, we believe camping along the way is a great way to really connect with the landscape and meet interesting fellow travelers from around the country and even the world. *2WheelEscapes* takes camping to another level by carrying all your gear, so you can bring serious creature comforts such as big tents, air mattresses, cots, etc.

No tent, no problem. We also offer a “Rent-A-Tent” package!

We travel with a full mobile kitchen for gourmet coffee service and delicious breakfast each morning, fresh healthy snacks for your ride each day, hors d'oeuvres when you finish each day and finally a freshly prepared dinner at camp each night to fill your belly before sleeping under the stars!

In addition to being the most fun way to travel, it is by far the most economical!

The cost for a 4-day, 3-night trip is **\$800 per person**. You will park in Cumberland Maryland (free & safe) to begin, then *2WheelEscapes* provides 4 days of joy while you travel in style, make new friends, eat amazing food and, Oh Yeah ride our bikes all day on this world class Trail.

The natural beauty and history, along with the stories of the people who worked along The Canal are just the beginning of what this experience offers those who complete the journey. Afterwards you will have lifelong memories and new friends made along the way.

Our small groups, expert staff and years of experience make this trip extra special. Riders are free to travel at their own pace, see the sights they choose to see and know they have the support and safety of a dedicated team close by for ANY contingencies.

Below is the basic outline of our journey and what to expect each day. Breakfast and Gourmet dinner are included each day, along with delicious, healthy snacks and drinks. There are many lunch options on the Trail each day as you encounter wonderful towns from another era. Since our food is made fresh and cooked to order each day, we can accommodate any special food requests (Vegan, Vegetarian, Gluten free, etc).
